

DiaMune Se

Dairy Formula

PRODUCT PROFILE – USA

DiaMune Se Dairy Formula selenium yeast premix provides SelenoSource™ AF selenium yeast and Diamond V Yeast Culture™ in one convenient premix for all classes of dairy cattle. DiaMune Se is formulated to provide a complete feeding of Diamond V Yeast Culture and selenium yeast when mixed with complete feeds. Diamond V DiaMatrix technology enables Diamond V to bring these two products together with the benefits of Diamond V Yeast Culture and SelenoSource AF.

Guaranteed Analysis

Selenium (Min) 155 ppm
Organic Selenium (Min)..... 152 ppm

Ingredients

Diamond V Yeast Culture™ and SelenoSource™ AF selenium yeast.

Directions for Use

Mix in complete feeds for all classes of dairy cattle to provide up to 0.30 ppm added selenium. This premix must be mixed at no less than 1.0 lb. per ton complete feed.

Caution: Follow label directions. The addition to feed of higher levels of this premix containing selenium is not permitted. Feeding added selenium at levels in excess of 0.30 ppm in the total diet is prohibited.
